IRIDIUM RENTALS

- Outgoing calls (PSTN, ISU): \$1.75/ minute
- Outgoing to Inmarsat phones: \$12.99/ minute
- Incoming calls direct: Free
- Incoming 2-stage calls: \$1.75/ minute
- Iridium voicemail retrieval: \$1.75/ minute
- SMS-MO (short message service) \$.45/ message for 9505 and 9505A ONLY (9500 is not SMS-MO capable)
- All rentals include voicemail, call forwarding, and call barring services.
- Each rental includes: One phone, one battery, travel bag, and quick use manual. Depending on power capability, one or more of the following will be included: wall charger, international plug adapters, auto charger, additional battery, or portable auxiliary antenna.
- Ease of use, size and functionality of Iridium satellite phone ensure remote communications anywhere in the world
- 2-stage dialing allows person trying to call Iridium satellite phone to dial a US-based (Arizona) number to connect inexpensively to the Iridium satellite phone.

Airtime charges apply for making calls or receiving calls through 2-stage dialing. All airtime charges are billed to credit card number on file after equipment is returned and airtime can be verified when bill becomes available. Airtime billing may be processed as late as 1 billing cycle later. FCC taxes will be applied to airtime.

All voicemail has a standard greeting and a default voicemail password assigned to the phone. Please do not change voicemail message or password. There will be a \$25.00 charged to the credit card on file to reset the voicemail message or voicemail password on the account.

Satellite Service is based on "line of sight" technology and works best when used in areas with little or no physical obstructions to the satellite signal. Satellite communication mode is not suitable for indoor use unless an external antenna option is utilized. A quick user's guide will be provided with every rental.

LOSS PROTECTION: Loss protection is optional, and protects the renter from full replacement value charges in the event of lost, stolen or damaged equipment. If the equipment is lost, stolen, or damaged, an amount equal to the deposit will be charged to the credit card on file unless other arrangements are made. If the renter declines the loss protection, the renter agrees to pay the full replacement value of all equipment lost, stolen, or damaged at current market value. The renter remains liable for all airtime charges until the equipment is reported to a GIT Satellite representative as lost or stolen.

RETURN OF EQUIPMENT: GIT Satellite will provide, as part of shipping costs, a second day return label. Renter agrees to ship equipment no later than 2 business days after contracted rental period. Renter understands that failure to do so will result in an additional week's rental being billed to the credit card number on file until the rental equipment is returned.

DEPOSIT: We require a 48-hour cancellation for full refund of deposit. Upon notice of cancellation, a cancellation number will be issued if notice is outside of the 48-hour period. Changes to rental may be made up to the time of shipment. If a 48-hour cancellation is not given, renter will have the option of receiving 50% of the deposit refunded to credit card number on file, or can opt to change the rental date. Cancellation of this alternate rental date will result in 50% of deposit being refunded.

 Rental Customer Signature Date

I, the rental customer, agree to the above-mentioned terms and conditions of rental. I give GIT Satellite authorization to bill the credit card provided above for the initial rental charges, and for all airtime charges to be billed after the rental phone has been returned. The credit card information provided is correct. I understand that if the billing information on the credit card provided does not match the address on file with the credit card company, the rental equipment will not be shipped.
